REMARKS/ARGUMENTSI. Introduction

This Supplemental amendment follows a July 23, 2007 Examiner initiated interview summarized below suggesting various amendments to the claims.

Claims 1-6, 8-13, 15-20, 22-26, 28-39, 41, 42, 44, 45, 51-55, 57 and 61-62 and claims 63-96 are pending.

Claims 1, 4, 63, 66, 67, 89, and 91 have been amended in a manner suggested by the Examiner in a telephone interview to clarify the claims. Claim 6 has been amended so that it now depends from claim 3 instead of claim 4. Since claim 6 still depends from an allowable claim, the change in claim dependency does not affect the allowability of claim 6. The current amendments were NOT in response to any prior art rejection.

II. Interview Summary

This interview summary is intended as a statement of the Substance of the telephone Interviews which occurred by telephone on July 23, 2007 and July 26, 2007. The telephone interviews involved the above named Examiner and Applicant's undersigned representative, Michael Straub. No prior art was discussed during the interviews

On July 23, 2007 the Examiner called and suggested the amendments made herein to claims 1, 4, 63, 66, 67,

89, 91. Applicant's undersigned representative indicated to the Examiner that he would review the Examiner's suggestions and get back to the Examiner regarding the suggested changes to place the application in condition for allowance.

On July 26, 2007 Applicant's undersigned representative called the Examiner back and indicated that Applicant was willing to make the amendments suggested by the Examiner. Applicant's undersigned representative also noted that the status of claim 88 had been indicated in the previous reply in the claim set as currently amended when it was new. The Examiner indicated that he noted claims 85, 88 and 93 did not indicate that they were new but that the remarks in the office action made it clear that these claims were new claims.

Applicant's representative offered to prepare and submit a supplemental amendment making the changes suggested by the Examiner. Applicant's representative also indicated that he would document the error regarding the status of the three claims which occurred in the last amendment by discussing it in an interview summary as done herein.

The Examiner indicated that submission of a supplemental amendment making the suggested changes would place the application in condition for allowance and that the claims which added or amended in the previous response should be indicated as previously presented in the new claim set submitted as part of the supplemental
